PROFESSIONAL SUMMARY

Software Engineering student at COMSATS University Lahore with experience in AI, full-stack development, and database systems. Skilled in Python, Java, C++, and SQL, with a strong foundation in OOP, DSA, and software engineering. Seeking a Software Engineering Internship to enhance technical skills, gain industry experience, and contribute to real-world software solutions.

TECHNICAL SKILLS

Programming Languages: Python, Java, C++, SQL, JavaScript, HTML5, CSS3

Frameworks & Libraries: Scikit-Learn, Pandas, Angular, Node.js, Qt Framework, SFML, JavaFX

Databases & Architecture: SQL Server, MySQL, Relational Database Design, 3NF Normalization, DBMS

Tools & Platforms: Git, GitHub, VS Code, IntelliJ IDEA, Anaconda, Pycharm

Core Skills: AI, Machine Learning, OOP, DSA, REST APIs, SDLC, Problem Solving, Team Collaboration

EDUCATION

BS Software Engineering (CGPA : 3.63)

2024 – Present (Expected 2028)

COMSATS University Islamabad, Lahore Campus

- Relevant Coursework:** OOP, Data Structures & Algorithms, DBMS, Software Engineering, Machine Learning

TECHNICAL PROJECTS

AI Disease Prediction & Medication Recommendation System | Python, Scikit-Learn, Pandas

[Project Link](#)

- Built a machine learning system for disease prediction and medication recommendations.

Smart Inventory & Sales Management Platform | Angular, Node.js, Express, SQL Server

[Project Link](#)

- Built a full-stack inventory management platform with RBAC authentication, REST APIs, and SQL Server for secure business operations.

Graph-Based Social Networks Engine | C++, Qt Framework, SFML, DSA

[Project Link](#)

- Built a social networking platform using C++ and advanced data structures, enabling efficient user relationships and interaction management.

Enterprise Inventory Tracking Desktop Application | Java, JavaFX, SQL

[Project Link](#)

- Built a JavaFX-based inventory management system with SQL integration for efficient inventory tracking and data management.

PROFESSIONAL EXPERIENCE

Private Academic Instructor | 2024–Present

- Taught Computer Science, Mathematics, and Sciences while tracking student progress.

Technical Operations Volunteer, TechnoVerse | 2025

- Assisted event coordination and collaborated with teams to support competition operations.

Social Co-Lead, GDGOC COMSATS Lahore | 2025–2026

- Manage social media engagement and promote developer events, workshops, and hackathons.

PROFESSIONAL CERTIFICATIONS

- Google AI Essentials** – Google Authorized Credential
- Crash Course on Git and GitHub** – Google Authorized Credential
- Introduction to Artificial Intelligence** – IBM Verified Credential
- Collaborate Effectively for Professional Success** – IBM Verified Credential
